

ARCMONT ASSET MANAGEMENT NAMED AS BEST DEBT FUNDRAISING FIRM AT THE PRIVATE EQUITY WIRE EUROPEAN AWARDS 2021

LONDON, 26 March 2021: Arcmont Asset Management (“Arcmont”), a leading private debt asset management firm, has been named Best Fundraising Firm in the Debt category at the Private Equity Wire European Awards 2021.

Founded in 2011, originally as BlueBay Asset Management’s Private Debt business, Arcmont provides flexible capital solutions to a wide range of businesses across Europe. Since inception, Arcmont has raised over €16 billion and committed €12 billion to more than 150 deals across 12 European countries. Arcmont is employee-owned and managed, with significant employee investments in the funds the firm manages, aligning interests with investors and business partners.

The Private Equity Wire European Awards 2021 recognise excellence among private equity and debt fund managers and service providers in Europe across a wide range of categories. The winners were determined based on a widespread survey of more than 100 GPs and other key industry participants. In the Debt – Best Fundraising Firm category, voters selected from a shortlist of the industry’s best performers generated by Bloomberg’s Private Equity Database.

Anthony Fobel, CEO of Arcmont Asset Management, commented, “We are delighted to have been recognised by an audience of our peers and other industry participants, and this award is a testament to the hard work of our team globally. As a pioneer in European private debt, we are committed to driving the asset class’s continued growth, while ensuring we are continuously backing our partners as their needs evolve.”

Winners were announced at an exclusive virtual ceremony and networking event on Thursday 25 March 2021.
